# Burten Distribution

After more than 25 years in the distribution business, Burten Distribution continues to provide the best service to it's customers. We are continually looking for better ways to serve you:

**Shipping** - We offer next day ground service to California, Nevada and most of Arizona and two day ground to Oregon and Washington. We have also negotiated better rates for central and eastern states to provide the lowest shipping costs for our customers.

**Inventory** - We have the largest warehouse of shoe store supplies on the West Coast. You can always depend on our ability to fill and ship your order. Our stock is your stock.

**Selection** - This catalog is just a small selection of what we carry. We have a full line of supplies for shoe stores, shoe repair shops, orthotic & prosthetic facilities, durable medical equipment companies and many other industries. If you do not see what you are looking for here in the catalog give us a call.

BE10, BE11, BE13, BE14, BE15, BE16,  
BE17, BE18  
& BE19

Excuse the pun, but we've "stretched our imagination to the limit." Berries by Aetrex combines fashion and fun with extraordinary comfort. Finally, a shoe that gently conforms to your foot, without and pressure or discomfort. Casual enough to slip on when you're in a hurry, but stylish enough to make a statement. Footwear so soft and light that you won't want to slip them off after a long day on your feet.

Berries are made by blending spandex, IQ150 Memory Foam and colorful 4 way stretch fabrics. Stylish leather accents and stitching are added for an extra element of style and sophistication. And to complete the package, Aetrex's patented Mosaic insole is included to ensure 360 degrees of customized comfort for the ultimate footwear experience.

## SANDALISTA COLLECTION

Sandalistas are the first sandals perfectly designed for you. To start, the footbed is anatomically shaped and contoured to match the human foot and eliminate pressure and friction.

Sandalistas are the first footwear with built-in Lynco support that incorporates the benefits of the world's most successful foot orthotic system. Instead of using firm materials, Sandalistas are made with IQ150™ Memory Foam that conforms to your specific gait pattern and ensures equal distribution of pressure while you walk.

And just in case all of this isn't enough, patented Mosaic Customization technology is built into the footbed to allow you to immediately customize each sandal so that it provides the ultimate in personalized comfort and performance.

### LYNCO ORTHOTICS

Recommended by doctors and pedorthists worldwide, Lynco is recognized as the #1 orthotic system on the market today. Millions of pairs have been sold to consumers seeking the quality and support of custom-made orthotics at an over-the-counter price. Lyncos are designed for Dress, Casual, Athletic, Golf and Therapeutic Footwear.

All Lynco orthotics are tri-density with a molded Pedic core to support the arch and provide maximum comfort. Lyncos are available with metatarsal support offering additional protection at the ball-of-the-foot. In addition, medial posting is available to gently realign the rearfoot and control over pronation.

More people today recognize that combining the right orthotics with their footwear is the easiest and most effective way to provide immediate comfort and improve footwear performance. Now, with iStep digital foot scanning technology, it is even easier to determine your ideal Lynco style. iStep quickly identifies your foot type and pressure points and then immediately recommends the most appropriate Lynco orthotic for your individual needs.

# GILDEN TREE

“There is an inviting, almost magical aspect to every product that we make, and we work hard to make this so.” - Kumy & Ann Thariani

The Gilden Tree product line is meant for day spas, therapy clinics and any other place where people can recuperate from the stresses of the world. The products use traditional healing ingredients like Aloe Vera, Jojoba Oil and Shea Butter, many of them Certified Organic, which helps protect consumers, the environment and family farms.

Their most important goal is to make high-quality products that really work.
